

Corporate Law

The corporate attorneys at Zukerman Gore pride themselves on providing focused and efficient service and advice throughout the entire corporate lifecycle. Starting with establishing and structuring entities that align with the client's business needs, to providing ongoing advice on a wide range of day-to-day corporate matters, to executing successful, tax efficient exit transactions, Zukerman Gore's Corporate Group seeks to help its clients maximize their commercial objectives.

The firm provides general corporate counsel to a diverse group of public and private entities engaged in a broad spectrum of industries.

Our role is often that of *de facto* general counsel for numerous clients, including the portfolio companies of our private equity clients, resulting in a coordinated and highly efficient attorney-client relationship.

To provide the full-service counsel the firms' clients require, the corporate group routinely engages the skills and experience of our attorneys in the firm's other practice areas - including Banking and Finance, Corporate Governance, Taxation, Employment and Employee Benefits, Mergers & Acquisitions and Real Estate.

Zukerman Gore prides itself on the collaborative, long-term relationships it routinely develops with its corporate clients, many of whom have trusted the firm's guidance and counsel for decades through fluctuating economies, market shifts, and industry-changing events. We are committed to our clients' success in the transactions we lead, in the obstacles we help them overcome, and in the objectives they seek to achieve.
